Special Needs:

HCP welcomes children with differing abilities; however our classrooms are not always structured in a way that works best for all children's needs. If your child is currently seeing a therapist/professional or receiving services from Wake County, please see the Director before enrolling to ensure our program is a good fit for your child's needs.

ESL (English as a Second Language):

In order to meet the needs of our students properly, HCP has limited space available for children who do not speak/understand English or where English is not the primary language spoken at home. Please see the Director for details.

Toilet Training:

All children in the 3, 4 and 5 year-old classes must be toilet trained. We do not potty train; rather **ASSIST** you in the process. This means the **child INITIATES** or **INFORMS** the teacher when he/she has to go potty. We know that preschool children need support in this initiation, so HCP will support/accommodate a child when initiating a trip to the potty. We are unable to accommodate a potty "schedule" where the child is potty trained only if taken at a certain time each day. This is not conducive to the preschool classroom time. We do understand the first 6-8 weeks of school can be a new adjustment for a child who has recently been potty trained and the occasional accident or set back may occur during this time, however if a child is clearly not exhibiting the signs of readiness after this transitional time, teachers will contact you to what the best option is for the child.

Signs that a Child is Ready to Initiate Trips to the Potty:

- Child ask to go potty
- Tells teacher they need to go potty
- Child is aware when soiled
- Child can consistently stay dry 2-3 hours at a time

Thanks so much! We are excited about our upcoming school year! If you have any questions at all please see our director or email at jenh@hopenc.org.
